

ON WALL SERIES

OW64Q ON WALL SPEAKER

The James Loudspeaker OW64Q is the only truly full-range On Wall speaker in the line up for exceptional performance.

OW64Q Front View

- Quad tweeter array for wide dispersion and crisp fidelity
- Marine grade aluminum construction with fluoropolymer coating for solid, secure and long-lasting performance indoors or outdoors (marine model must be specified when ordering)
- Low impedance or 70V configurations
- Full-range performance in an on-wall setup
- High power handling
- Low end output for applications where placing a subwoofer is not possible
- Simple through-hole installation
